## Financial Policy for Post-Operative Visits and Appointments

For patients who undergo surgery, there are a certain number of routine postoperative appointments that are scheduled at given intervals based on the procedure that was performed. In keeping with Medicare guidelines, there is no charge for *routine visits within 90 days of surgery*. These appointments are a courtesy to you and it is important that you keep them. Our time is valuable and we appreciate that your time is valuable, too.

Our office staff contacts all patients by telephone in advance to confirm upcoming appointments. If we are unable to reach you, we will leave a message and ask that you call to confirm the scheduled appointment. If we do not hear back from you, we will assume you are not coming and give that time to another patient.

**If your appointment is confirmed, and you fail to make it, you will be charged a fee of \$25.00.**

We realize that unexpected events do occur and ask that you let us know in advance if you cannot make an appointment. If the doctor is called to the emergency room, we extend the same courtesy to you by contacting you to reschedule your visit. Should you have an unexpected situation arise, such as a sick child, please contact the office immediately. You may leave a voice message after hours for the front office staff, who will obtain it at 8:30 a.m. the next business day.

**Any follow-up appointments that are not rescheduled or cancelled in advance will result in a fee of \$25.00 being billed to the patient.**

I have read and understand the "Financial Policy for Missed Appointments" and have received a copy.
